Message Rough Draft:

Dear _____, I am reaching out to let it be known that I want to work for ClifBar! I have heard many great things about the work culture and sustainable practices and I want to be a part of such a wonderful team. I am currently studying to become a full-stack web developer and am hoping there may be a position for me at ClifBar in the coming weeks/months. Please let me know what I can do or who I can contact to possibly interview at your wonderful company. Thank you for your time, Sherene Carter

Should I try to connect with this person?

Vice President Operations at Clif Bar & Company

Twin Falls, Idaho, United States [Contact info](#)

"Operations" sounds like he is just over the food safety aspect of the company, but most of the employee linkedin profiles are off-limits to me. This one is a 3rd to me somehow.

3 People to reach out to for recommendations:

1. Ryan Ellsworth - former principal South Hills Middle School - does not appear to be on linkedin
2. Jerold Guthrie - former assistant principal South Hills Middle School - does not appear to be on linkedin.
3. ???? (possibly Dr. Erickson in the Twin Falls School District - but kind of don't want to involve him as he may ask me to come back and teach)

I am struggling with this one. I can't find my last principal or assistant principal on linkedin. I have several recommendation letters from Las Vegas that I plan to put in my profile, but they are over 5 years old, so I'm not comfortable contacting these old bosses to ask for new recommendations. I'm a little stumped on what to do here. But I'll keep thinking.
